17. PROMOTIONS AND DECORATIONS FOR MILITARY PERSONNEL ASSIGNED TO CIA

A. Promotions

(1) General

All recommendations for promotion of military personnel assigned to CIA, including those based upon "combat zone criteria," will be processed through the Military Personnel Division, Personnel Office. The Chief, Military Personnel Division, will provide advice and guidance relative to the eligibility requirements applicable to promotions in the Armed Forces.

(2) Officers

- (1) When the nature of an individual's assignment in the Central Intelligence Agency is such that his true responsibilities and accomplishments cannot be made available to selection boards in the normal manner. In such cases, secure processing of recommendations on a "need-to-know" basis will be accomplished at the times when selection boards are in session.
- (2) When the parent service publishes special, one-time criteria involving written recommendations for promotion of outstanding officers who are not included in the automatic zone of consideration.
- (3) When selection boards are in session considering officers who are in the eligibility zone, or at any time an officer's performance warrants, special efficiency reports and/or commendations may be submitted to augment over-all performance records.
- (4) When an individual's service in the Central Intelligence Agency is sufficiently outstanding and meritorious to warrant exceptional consideration for promotion ahead of his contemporaries.

(b) Recommendations, special efficiency reports, and commendations may be submitted to selection boards considering officers of the regular services for permanent promotion, subject to instructions issued by the services concerned.

MEMORANDUM FOR: Assistant Director (Personnel)

SUBJECT : Promotion of Officers of the Military Services

1. On 18 September 1952 the Executive Assistant to the Director (Mr. Earman) advised me that the Agency policy with reference to promotion of officers of the military services on duty with CIA would be as follows:

a. CIA will recommend the promotion of officers in only two cases:

(1) When an officer assigned to CIA has been passed over for promotion by his service, either wittingly or unwittingly, due to his assignment with the Agency and is actually eligible for promotion according to the requirements of his particular service, and when there is definite reason to believe that his assignment to CIA has prejudiced his consideration for promotion;

(2) When an officer is doing a specific job for CIA in an excellent manner and where he could do a better job if he held the next higher grade.

b. The GS position to which an officer of the services might be assigned in CIA, regardless of whether this grade corresponds to his military rank, will have no bearing whatsoever on consideration for promotion.

2. These instructions were issued personally by General Smith today, 18 September 1952, and will be strictly complied with.

SUBJECT: Agency Sponsorship of Relief from Military Duty

1. PROBLEM.

The Central Intelligence Agency lacks a general policy statement on civilian employment of officers of the armed forces. The need for such a policy increases daily due to the accumulation of a number of specific cases of officers on extended duty with the Agency, whose return to their parent service has been deferred pending decision by the Agency as to their status.

2. FACTS BEARING ON THE PROBLEM.

- a. Requirements for military personnel in the Agency are supported solely by virtue of the need for military skills and status. The primary policy agreed to with the Department of Defense in regard to assignment of military personnel is the requirement that no military personnel be assigned duty which could be performed by a civilian.
- b. Certain military personnel, among whom are officers of the regular services, have been assigned to the Agency for extended periods in excess of normal military duty tours, and have acquired training and experience which are difficult to replace and which lead the operating divisions to seek to retain the services of these officers in a civilian capacity. In one case, of [redacted] which was forwarded for your review on 6 March 1952, the request for Agency sponsorship of this officer's resignation was rejected.
- c. In addition, there is the broader problem of contacting military officers not on duty with CIA as to employment possibilities, and the necessity of clarifying the statutory limitations placed by P. L. 53 on Federal employment of certain categories of retired officers.

25X1A

CONFIDENTIAL
Security Information

MAY 27 1952

3. DISCUSSION.

1. With respect to military officers assigned to duty in CIA, the Agency faces a serious situation whereby efforts to retain military personnel, not only beyond normal duty tours but even by means of transfer to civilian status, could possibly jeopardize relationships with the Department of Defense. It does not seem advisable to allow this situation to continue.
2. There have also arisen procedural problems in connection with contacting members of the Armed Services not on duty with CIA where policy guidance is required by the various offices and divisions.
3. Present Agency regulation on contacting of retired officers for employment calls for prior approval of the Director in all cases. It is felt that this regulation was intended to apply only to those retired officers subject to the provisions of P. L. 53, which place a statutory limitation on Federal employment of officers who have been retired for longevity or reasons other than disability.

4. CONCLUSIONS.

Policies concerning civilian employment of officers of the armed forces should be uniform and consistent, and conform to agreements and understandings with the Department of Defense. While the matter is particularly acute with respect to officers on duty in CIA, guidance is also needed on employment contacts with the entire military establishment.

5. ACTION RECOMMENDED.

That the attached regulation, which represents an amendment to CIA Regulation [] Procurement Contacts, and which establishes employment policies for Regular, Reserve and Retired officers, both on duty in CIA and elsewhere, be issued.

1. I do not concur in the suggested revision of regulation
[redacted] there is insufficient leeway granted
for enabling a handful of regular officers to civilianize to
accept employment with the Agency. It should be recognized that
the number of such officers will probably never exceed one per
cent of those with the Agency. It should also be noted that
those the Agency would sponsor in civilianizing could be demon-
strated as for the general good of the government. Further,
I do not believe that the Agency's relations with the Department
of Defense would preclude assisting a very small handful in
civilianizing. Admittedly, these would be exceptions to the
general rule, but with regulations so written even they would
be excluded.

2. I would suggest that this paragraph be amended by a
statement to the effect that "where the general welfare of the
government is affected, exceptions to this rule will be made
upon specific approval by the Director".

Personnel Records and Notification of Next-of-Kin

1. Two employees of this Office have recently asked what procedure they should follow in changing the designation (or address) of their next-of-kin as recorded by the Agency for purposes of notification in case of accident. A review of CIA Regulations has disclosed that no routine procedure or form has been established for reporting such changes. It seems that Section 26 of the Personal History Statement (Form 38-1) is the only official record provided to the employee for such designation, and that no instructions have been issued by the Agency that each employee is responsible for keeping this section of the Personal History Statement up-to-date. CIA Regulation Para E requires reporting of changes of "personal status" without indication of what is included in the term. This regulation also establishes the Personnel Information Card (Form 37-6) for various purposes, including emergency planning, but makes no provision for changes in address or designation of next-of-kin. Other forms concerned with "changes in personal status" such as Form 37-1, and 37-3 do not provide for it, and the requirement that employees recomplete certain sections of Form 38-1 upon their marriage would take care of such cases only.

STAT

2. We assume that the responsibility for official notification of next-of-kin in case of employee accidents or death rests with your Office, and that the necessary records will also be maintained centrally. We shall therefore take no action to assemble up-to-date information from Office of Operations employees pending further instructions from your Office. It is suggested that any procedures established on this subject should contain the provision that the Chiefs of overseas field stations are responsible for direct notification of next-of-kin and for maintaining the requisite records for foreign national and unclassified employees under their command. It is believed that procedures currently followed with respect to classified U.S. employees at overseas field stations are satisfactory.

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Establishment of Personnel Information Card File

25X1A

1. There is submitted herewith proposed revision of CIA Regulation No. [] in Personal Status, together with suggested CIA Notice []. The purpose of the revised Regulation is to establish a Personnel Information File and the Notice outlines the procedures for maintaining the file on a current basis.

2. The attached are revisions of drafts submitted for concurrence on 17 August 1951 and include minor changes requested by various operating Offices to clarify the meaning.

3. Comments from operating Offices which have not been included in the revisions are as follows:

a. The Director of Training suggests a revision in paragraph 3 of the Notice to provide for a verification of the file "by the individual office each payday - bi-weekly or monthly depending on the pay period."

b. The Deputy Assistant Director for Operations suggests: "Unless a firm decision has been made, it is suggested that the frequency of verification required (bi-weekly according to paragraph 3 of the procedure paper) be reconsidered. It is suggested that checking for accuracy at longer intervals, perhaps every four weeks (or every other pay period) may be deemed adequate."

All other Offices have concurred in the present wording which calls for a "bi-weekly verification thereof, normally on payday."

SUBJECT: Change in Personnel Status

1. This paper has full concurrence and includes General Davison's.

2. Coordinated and concurred in paper required that Form No. 37-1 and Form No. 37-3 be furnished in quintuplicate, which has been reduced to duplicate, and re-concurrence is not necessary. This paper sets forth a routine day by day procedure whereby all changes of status of Agency personnel will be reported at least every pay-day. This procedure will simplify all status changes reports by funneling them to one place where they will be tabulated by machine methods, and changes printed by IBM machine and furnished to all interested Agency segments.

3. This procedure considerably simplifies existing procedures, but more important, provides the first real guarantee that individuals who have change of status will report it, and the Agency segments who have the need of this information will get it promptly. The following activities will benefit principally by this procedure:

Inspection and Security
Personnel
Finance
Emergency Planning
Administrative Services (for telephone and address changes)

Secondary benefit: All offices.

1. Reference a. above, the establishment of this file was discussed at a meeting of Administrative Officers about one year ago. The intent at that time was that the file would serve primarily as a locator and personal information file and not an official "personnel status" file (see paragraph 3).

ILLEGIB

2. I believe it is important to make the distinction in the regulation itself that this is merely a locator file because official personnel information is maintained by the Machine Records Branch in a separate file. Information for the official file is furnished exclusively by the Personnel Divisions and may often vary from the unofficial information placed on this Personnel Information Card File by the various operating offices, e.g., official T/O assignment, exact dates of transfers and terminations.

3. Reference b. above, concur that the individual office must be responsible for keeping the information in the file up to date. Suggested revisions and comments:

a. Paragraph 3, sentence 2: Reword "in a manner which will provide for a verification by the individual office each pay day --bi-weekly or monthly depending on the pay period."

b. Paragraph 4 (b) (3): Individual office may not know the effective dates of resignations since the exact date is usually set by Personnel Division.

1. The following comments are submitted on the above-mentioned regulation and procedure:

(a) On page 2, Item C, of the regulation, it is suggested that the responsibility for reporting additions and changes to the Machine Records Branch be limited to one person in an office. The word "office" is sometimes confusing and results in many persons assuming responsibilities which were not intended. The Administrative Officer of each office may be the proper person to report changes to Machine Records Branch.

(b) Under paragraph 3-C of Regulation it is suggested that the following be added:

STAT ILLEGIB

(7) Changes office address or telephone.

(c) Under paragraph 3-E it is suggested this sentence be changed to the following:

"Each employee shall notify the appropriate official within his office, daily if necessary, of any change in his personal status as indicated in C and D above."

(d) The Administrative Officer or other person designated to be responsible for personnel records should indicate on each "new" card whether the employee's name is to be included in the telephone directory or not.

25X1

(e) On page 1 of Notice Number reference is made in paragraph 1 that the Machine Records Branch will distribute cards to office heads for all employees under their jurisdiction. Basic classification principles and compensation schedules will be followed in order to assure that employees receive equality of compensation for work performance.
- (3) Employees with veterans' preference and/or with Civil Service status shall be accorded all rights and privileges granted them under existing laws and regulations, subject to authority granted the Director of Central Intelligence under the National Security Act of 1947 and such special agreements as may conflict with such rights and privileges.

REVISION OF POLICY GOVERNING THE APPOINTMENT OF
PERSONS EMPLOYED BY THE FEDERAL GOVERNMENT

AT

1. Under CIA Regulation (Paragraph B, "Procurement Contacts"), employment possibilities may be discussed with a person who is already employed by the Federal Government only upon presentation of a written statement from his agency authorizing him to seek other employment, or if otherwise authorized by the personnel office of such agency. In addition, transfers of personnel from other Federal establishments which involve promotions are explicitly prohibited. With the exception mentioned in the next paragraph, it is proposed that these limitations upon present hiring of Federal employees should be speedily removed. This recommendation is based upon the following observations:

- a. Generally, Federal agencies have eliminated the requirement that release statements from other agencies be obtained as a prerequisite to the appointment of Federal employees; it is probable that the present policies of the CIA are unique in this respect; further, the fact that CIA accords this courtesy to other agencies has not resulted in reciprocal consideration. A substantial number of CIA employees transfer to other agencies and only in the rarest instances do these agencies request permission from this agency to effect such transfers.
- b. The present release requirement discourages many persons from applying for CIA employment. Understandably, many prospective applicants have no desire to incur the displeasure of their supervisors, particularly when appointment processing in this agency generally entails several months' time. The fact that it is known that an employee has applied for employment outside his agency often eliminates the individual from consideration for new assignments, advancements, or other benefits, and sometimes results in unpleasant relationships between the employee and his superiors.
- c. The restriction against promotion at the time of transfer has established an especially difficult obstacle to recruitment since the motivation of immediate financial advancement must be eliminated in discussing the advantages of Agency employment in relation to the applicant's present situation.
- d. These restrictive provisions of the Agency personnel policy have the effect of nullifying the present Federal policy of encouraging the movement of employees from non-defense agencies. The Federal reemployment rights program, administered by the Civil Service Commission, provides a regular procedure whereby defense agencies are authorized on their own initiative to effect appointments of Federal employees working in non-defense agencies. To accelerate

this shift of personnel to defense agencies, employees of non-defense agencies are granted reemployment rights to their former agency, to be effective upon curtailment of employment in defense-type agencies. In accordance with this procedure a defense agency desiring to appoint an employee of a non-defense agency will send an official notice to that effect directly to the non-defense agency. It is presumed, in these cases, that utilization of employees' skills in defense agencies serves the national interest better than their retention in non-defense work. In several cases the CIA requirement that permission be obtained to discuss employment in this agency has placed the employee at a disadvantage under the Federal reemployment rights program. The pattern which can be traced in these cases begins with the employee's request for a release statement which gives the non-defense agency the means for learning of his interest in CIA employment. Then, before security clearance is granted for the individual's employment in CIA, he is placed on reduction in force rolls by his agency. This maneuver deprives the applicant of the opportunity to obtain reemployment rights since the program does not extend to persons who have obtained notification of involuntary termination prior to official notification from the defense agency of intent to take appointment action.

- e. The release requirement does not appear to be entirely consistent with the Agency's security program. For example, the employee must frequently negotiate through various layers in his agency hierarchy in order to obtain a statement of permission to discuss employment possibilities with CIA. His interest, therefore, becomes a matter of general knowledge. Subsequently, the security representative investigating his employment in that agency will pose as the investigator of another organization in order to de-emphasize the interest of CIA in the individual. These two processes would seem to be somewhat inconsistent.

2. The need for CIA to maintain the highest level cooperative relationships with certain agencies would seem to dictate an exception to the general recruitment procedures. Therefore, applicants for CIA employment who are already working in Federal activities engaged in intelligence, security, or law enforcement functions should be required to present statements from their agencies authorizing these persons to seek employment here.

INITIATION OF PERSONNEL ACTIONS

25X1A

It is recommended that CIA Regulation [] be amended to provide for designating the location of authority for approving personnel actions, in harmony with the following proposal:

1. Deputy Directors and Office heads are responsible for the initiation of personnel actions on authorized positions under their jurisdiction, and for the routing of such actions to the Personnel Office after appropriate authentication of the recommendation, as provided below.
 - a. Personnel actions involving grade GS-18 and the three special grades authorized by Public Law 110, as amended, will be signed by the Deputy Director under whose jurisdiction the position is located, and referred to the Director for approval.
 - b. Personnel actions in grades GS-16 and 17 will be signed by the Office head and Deputy Director in whose jurisdiction the position is located.
 - c. Personnel actions in grades GS-15 and below will be signed by the Office head concerned. Office heads may designate individuals within their organizations to sign and forward personnel actions involving grades through GS-15. The names of individuals so designated and any changes in designations will be furnished in writing to the Personnel Office.
2. The Personnel Director is authorized to act on recommended personnel actions involving grades through GS-17. The Chief, Covert Personnel Division and the Chief, Overt Personnel Division are authorized to act on recommended personnel actions involving grades through GS-15.

2. A completed appointment form will be submitted to the proper Personnel Division in each case of desired employment, information as to the length of time the services of the individual will be used, whether on a one-time or intermittent basis (i.e. one day per week, two weeks per month, etc.), whether in CIA buildings or at other work locations, and any other pertinent factors at variance with the normal utilization of a regular full time employee.

3. When first reporting for duty under an approved contract, the individual will be routed to the appropriate Personnel Division for the completion of the employment action.

4. Appropriate supervision must be exercised over the use of consultants to insure that their services are being utilized in accordance with Agency regulations. Time and Attendance Cards submitted for payment for services must reflect actual hours worked, and include a certification by the supervising division or branch chief.

5. In accordance with existing laws, the following certification will be attached to his Time and Attendance Records by the consultant:

"I certify that on the days covered by this report, during which I was employed by CIA, I performed no duties for any other Government Agency for which compensation has been or will be claimed."

6. All outstanding consultant appointments will be reviewed by the Personnel Divisions as of 30 June and 31 December each year. Recommendation for renewal or cancellation will be requested of the appropriate Assistant Director or Staff Chief.

7. Upon determination that a consultant's services are no longer required, the Assistant Director or Staff Chief concerned will notify the Personnel Division on the proper termination form. The Personnel Division will arrange for final clearance. Any outstanding indebtedness to the Agency will be referred to the appropriate office for settlement prior to processing of the termination action.

SUBJECT: Proposed Administrative Instruction Regarding Employment of Consultants and Experts

1. There is attached a redraft of the proposed Administrative Instruction pertaining to the "employment of consultants" which has been prepared by this office to meet certain budgetary and fiscal requirements. It does not appear that the changes suggested will have any material effect from either a security or legal viewpoint.

2. It is desired that the attached schedule which shows information pertaining to the work performed by the consultants and experts be returned to this office at the time the proposed Instruction is issued since we desire to follow through on certain aspects of the problem with the Fiscal Division.

3. Copies of our redraft have been furnished the Security Branch, I&S, and the General Counsel.

Memorandum for: Deputy Director (Administration)

Through: Advisor for Management

From: Legislative Counsel

Subject: Proposed Revision of CIA Regulation No.

25X1

1. At recent meetings of the CIA Loyalty Board, it was the consensus of the members that the Board should be expanded from its present membership of the three Deputy Directors to include all the Assistant Directors of the Agency.

2. It was felt that as each case arose, the Chairman of the Central Intelligence Agency Loyalty Board (the Deputy Director of Central Intelligence) would designate a three-man panel of the Board to sit on the specific case. It was also informally agreed that where a given case was particularly complex or involved senior officials of the Agency, the three Deputies would sit as the panel.

3. In view of the above, it is recommended that CIA Regulation No. dated 27 June 1951, subject: Loyalty Board and Loyalty Adjudication Procedure, should be amended by changing paragraph B thereof to read as follows:

"A Loyalty Board is established for the Central Intelligence Agency to adjudicate all loyalty cases arising in the Agency. It shall be composed of the following officials:

Deputy Director of Central Intelligence	- Chairman
All Deputy Directors and All Assistant Directors	- Members
Executive Assistant to the Director	- Recording Secretary - without vote
General Counsel or his designated representative	- Advisor - without vote
Assistant Deputy (Inspection and Security) or his designated representative	- Advisor - without vote

CONFIDENTIAL

SEP 22 1951

The Chairman of the CIA Loyalty Board shall designate a panel of at least three members of the Board to sit in each case. No individual shall sit as a member of the Loyalty Board convened to consider a case of an employee assigned to his office."

4. the Recorder of the Board, joins the legal advisor in recommending that the legal advisor also serve as Recorder of the Board in view of the fact that all records are made and kept in the General Counsel's Office. It is therefore recommended that the Executive Secretary be deleted from the Loyalty Board procedure.

1. In accordance with your instructions, subject Regulations have been revised to reflect changes in the composition of the Employment Review Board and the Loyalty Review Board, and are attached for approval and signature.

2. The change in the Employment Review Board is reflected in paragraph C of CIA Regulation No. [] and the change in the Loyalty Review Board is reflected in paragraph B of CIA Regulation No. [] Except for format, these two paragraphs agree with the statements which have been approved by the Deputy Director.

25X1

3. Please note that only one page of CIA Regulation No. [] is attached. The entire Regulation will have to be reprinted and pages renumbered in order to place paragraph B in proper sequence, but since there are no changes in language in subsequent paragraphs, this can be done by splicing the negatives, thus avoiding the possibility of typographical errors.

25X1

4. CIA Regulation No. [] has been retyped to reflect the following changes in addition to the change reflected in paragraph C:

a. The title "Personnel Director" which appears throughout the previous edition has been changed to read "Assistant Director (Personnel)". These changes were made with the concurrence of the Assistant Director (Personnel) and we hold his written approval.

b. The third sentence in paragraph G has been changed from "Any member including the Legal and Special Advisor may append an individual signed comment" to "Any member or Advisors may append an individually signed comment. This change has the oral concurrence of the General Counsel's Office."

5. Upon recommendation of the General Counsel's Office, both Regulations have been prepared for the Director's signature. Their feeling is that in the event a case should be taken to court, the order establishing either Board might be challenged if it were not signed by the head of the Agency.

- D. (1) Every case involving involuntary termination of an employee will be forwarded by the head of the appropriate office to the Assistant Director (Personnel) together with all applicable reports of investigation and other pertinent records.
- (2) (a) If the Assistant Director (Personnel) determines that final administrative action by his Office is not feasible, he shall immediately forward the record to the Board for its consideration.

If formal Board proceedings are not considered feasible, the Chairman will return the records to the Assistant Director (Personnel) so stating.
- (c) If the evidence presented is considered sufficient for formal Board proceedings, the Assistant Director (Personnel) will be informed in writing by the Chairman of the Board, with instructions to place the employee concerned on leave under the provisions of this directive (with pay to the extent of accrued leave and without pay in excess thereof), and transmit to him at his home address a written notice by registered mail, return receipt requested, to include the following:

In such circumstances, if resignation is not submitted within the indicated period, employment will be terminated under the authority quoted in paragraph A. above.
- (d) When circumstances permit, more specific basis for Board action will be specified by the Chairman of the Board to be included in the notice to the employee concerned.
- (3) Prior to the dispatch of the notice to the employee the Assistant Director (Personnel) will personally notify the head of the Office concerned, verbally or in writing, of the action initiated.
- E. The Assistant Deputy (Inspection and Security) may refer directly to the Board any case arising within the scope of his functions. Action will be taken by the Board in the same manner as for cases covered under paragraph D. above, except that records which are returned by the Chairman on the basis of insufficient evidence will be returned directly to the Assistant Deputy (Inspection and Security).
- F. The Assistant Director (Personnel) will:
 - (1) Ascertain at the earliest practicable date, the desires of the employee placed on leave under the provisions of this Regulation to make statements in person before the Board, and, when requested, will arrange a schedule for such appearances directly with the Board recorder.
 - (2) Forward directly to the Board recorder written statements received from employees placed on leave under the provisions of this Regulation.
- G. In those cases where formal proceedings are decided on, the Board will give full consideration to each case, including voluntary written or verbal statements of individuals concerned, and such additional evidence as may be deemed necessary, and prepare a written recommendation to the Director. The recommendation will be signed by each voting member of the Board, noting concurrence or nonconcurrence in each case. Any member or Advisors may append an individually signed comment. The complete record of each case considered by the Board will be attached to the Board's recommendations for the information of the Director.

(f) *Complete file.* All letters, notices, memoranda, reports, transcripts, affidavits or supporting documents in connection with the initiation, investigation, hearing, decision and closing of a case or cases.

(g) *Deputy Fair Employment Officer.* The term "Deputy Fair Employment Officer" shall include committees and boards.

§ 410.3 *Fair Employment Officer.* The head of each department shall appoint a Fair Employment Officer who shall have full operating responsibility under the immediate supervision of the head of the department for carrying out the fair employment policies stated in Executive Order 9980. In each department, as defined in § 410.2 (a), which is composed of two or more bureaus or comparable subordinate organizational units, the Fair Employment Officer shall appoint one or more Deputy Fair Employment Officers who, under his general supervision shall have the responsibility for carrying out the fair employment policy and procedures within their respective organizational units.

§ 410.4 *Instructions for handling complaints and appeals made by individuals—(a) Initiation of complaint.* (1) Procedures under this section shall apply

and be available only to an employee or to a person falling of appointment who alleges that a personnel action, as defined in § 410.2 (a), which affects him has been taken because of race, color, religion, or national origin.

(2) The complaint must be made not later than three months from the date of the personnel action complained of, unless failure to submit the complaint within these time limits was due to unusual circumstances beyond the control of the complainant.

(3) An employee may file a complaint with the first-line supervisor, with the Deputy Fair Employment Officer, or with the Fair Employment Officer. Complaints initiated with the supervisor may be oral or in writing. Those initiated with the Deputy Fair Employment Officer or the Fair Employment Officer must be in writing.

Note: Employees should be encouraged to seek informal adjustment of their complaints with their immediate supervisors. It is the view of the Board that good relations between the supervisor and the employee will thus be furthered. Many ineffectual complaints can be eliminated by giving valid reasons for an action that is being brought into question. Where error has crept in, the supervisor will have opportunity to correct it on his own motion. Furthermore, with responsibility upon the supervisor for initial action on the complaint the problems involved will be more forcefully impressed upon him. If no adjustment can be made, the supervisor should advise the employee to put his complaint in writing.

(4) An applicant may file a complaint with the Deputy Fair Employment Officer, or with the Fair Employment Officer of the department. Such complaints must be in writing.

(5) Any initial written complaint must specify:

(i) The name of the department and employing unit against which complaint is made.

(ii) The specific personnel action or actions complained of.

(iii) The approximate dates or date thereof.

(iv) A statement of all pertinent facts in support of the allegation of discrimination, including dates, names of individuals involved, incidents, occurrences, and circumstances.

(v) Remedies sought.

(vi) Signature of complainant.

(b) *Supervisor's action on a complaint.* (1) If a written complaint is made to a supervisor, immediate steps shall be taken to effect such adjustment as is warranted by the facts. If the complaint is adjusted to the satisfaction of the complainant, a written report of such adjustment shall be made to the Deputy Fair Employment Officer. If the complaint cannot be adjusted satisfactorily and promptly, the report to the Deputy Fair Employment Officer shall set forth the basis for the complaint and the reasons for the supervisor's inability to effect a satisfactory adjustment.

(c) *Deputy Fair Employment Officer's action on a complaint—(1) Investigation and adjustment by informal negotiation.* On receipt of an original complaint or a complaint referred to him by a super-

RULES AND REGULATIONS

operator of the farm voluntarily surrenders in writing to the county committee by the closing date established by the State Committee, which shall not be later than June 1, 1951, shall be deducted from the allotment to such farm in accordance with instructions issued by the Assistant Administrator. If any part of the farm acreage allotment is permanently released (i. e., for 1951 and all subsequent years), such release shall be in writing and signed by both the owner and the operator of the farm.

(b) *Reapportionment of released acreage allotment.* The acreage allotments released under paragraph (a) of this section shall be reapportioned by the county committee, in accordance with instructions issued by the Assistant Administrator, to other farms in the same county receiving allotments in amounts determined by the county committee to be fair and reasonable on the basis of land, labor, and equipment available for the production of peanuts; crop rotation practices; and soil and other physical factors affecting the production of peanuts. Such reapportionments shall be made on the basis of applications filed on Form MQ-30-(Peanuts) 1951 by farm owners or operators with the county committee not later than a closing date established by the State committee, which shall be not earlier than May 1, 1951, or later than July 1, 1951.

(c) *Maximum acreage allotment.* No allotment shall be increased by reason of the provisions in paragraph (b) of this section to an acreage in excess of the larger of (i) the result obtained by multiplying the tillable acreage available for the farm by the tillable acreage factor or (ii) the largest picked and threshed peanut acreage for the farm (excluding excess acreage) for any one of the years 1948, 1949, or 1950, as determined under instructions issued by the Assistant Administrator.

(d) *Credit for acreage allotment released for 1951 only.* The release, for 1951 only, of any part of the acreage allotted for 1951 to individual farms, pursuant to paragraph (a) of this section, shall not operate to reduce the allotment for any subsequent year for the farm from which such acreage was released unless the farm becomes ineligible for an old farm allotment in 1952 because peanuts were not produced on the farm in 1949, 1950 or 1951. Any reapportionment of allotment under this section shall not operate to increase the allotment for any year subsequent to 1951 for the farm to which the acreage is reapportioned.

§ 729.229 *Reallocation of allotments released from farms removed from agricultural production.* The allotment determined or which would have been determined for any land which is removed from agricultural production for any purpose because of acquisition by any Federal, State, or other agency having a right of eminent domain shall be placed in a State pool and shall be available for use in providing equitable allotments for farms owned by purchasers by owners displaced because of acquisition of their farms by such agencies. Upon application to the county committee

within five years from the date of such acquisition of the farm, any owner so displaced shall be entitled to have an allotment for any other farm owned or purchased by him equal to an allotment which would have been determined for such other farm plus the allotment which would have been determined for the farm so acquired: *Provided*, That such allotment shall not exceed 50 percent of the acreage of cropland on the farm.

The provisions of this section shall not be applicable if (a) there is any marketing quota penalty due with respect to the marketing of peanuts from the farm or by the owner of the farm at the time of its acquisition by the Federal, State, or other agency; (b) any peanuts produced on such farm have not been accounted for as required by the Secretary; or (c) the allotment next to be established for the farm acquired by the Federal, State, or other agency would have been reduced because of false or improper identification of peanuts produced on or marketed from such farm.

§ 729.230 *Additional acreage allotment for farms producing types of peanuts in short supply.* The additional acreage allotment apportioned to any State producing peanuts of a type or types determined to be in short supply for 1951, less a reserve for the correction of errors, shall be apportioned among farms on which peanuts of such type or types were produced in any one of three years 1948, 1949, and 1950, on the basis of the average picked and threshed acreage of peanuts of such type or types (excluding excess acreage) on each such farm during such period. The reserve for the correction of errors shall be determined by the State Committee on the basis of experience in past allotment programs and its knowledge as to the reliability of data used in apportioning the additional acreage to farms, and shall not exceed three-fourths of one percent of the additional acreage apportioned to the State.

The increase in acreage allotment under this section shall not be considered in establishing future State, county, or farm acreage allotments.

§ 729.231 *Determination of 1947 or 1948 picked or threshed peanut acreage for farms and right of appeal with respect to such determination.* If the total acreage of peanuts picked or threshed on a farm does not exceed the total acreage of peanuts picked or threshed on the farm in 1947, or 1948 if no peanuts were harvested on the farm in 1947, payment of the marketing penalty as provided in section 359 (a) of the Agricultural Adjustment Act of 1938, as amended, will not be required on any excess peanuts which are delivered to or marketed through an agency or agencies designated by the Secretary. The county committee shall, on the basis of data furnished by producers and other available records of peanut acreages and production, determine for each peanut farm in the county the acreage of peanuts picked or threshed in 1947, or 1948 if no peanuts were harvested on the farm in 1947. A notice of the acreage so de-

termined shall be prepared by the county committee and mailed to the farm operator. Any interested person who, as operator, landlord, tenant or sharecropper, is dissatisfied with the acreage so determined for the farm may file an appeal for reconsideration of such acreage. The request for appeal and facts constituting a basis for such consideration must be submitted in writing and postmarked or delivered to the county committee within 15 days after the date of mailing the notice. If the applicant is dissatisfied with the decision of the county committee with respect to his appeal, he may appeal to the State committee within 15 days after the date of mailing the notice of the decision of the county committee. The decision of the State committee shall be final.

PART 944—MILK IN QUAD CITIES MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS OF THE ORDER, AS AMENDED, REGULATING THE HANDLING

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), hereinafter referred to as the "act," and of the order, as amended (7 CFR Part 944), regulating the handling of milk in the Quad Cities marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

(a) The provisions of the order only insofar as they relate to the pricing and pooling of non-Grade A milk received from producers and the administrative and marketing service assessments levied thereon no longer tend to effectuate the declared policy of the act.

(b) Notice of proposed rule making, public procedure thereon, and 30 days prior notice of the effective date hereof are found to be impracticable, unnecessary, and contrary to the public interest in that (1) this suspension order relieves handlers from certain restrictions with respect to non-Grade A milk received from producers; (2) it is necessary to issue immediately and make effective not later than April 16, 1951, the suspension order to reflect current marketing conditions and to facilitate, promote and maintain the orderly marketing of milk produced for the Quad Cities marketing area; (3) non-Grade A milk is no longer sold or permitted to be sold for fluid consumption in any of the several municipalities of the marketing area; (4) the recent changes in marketing conditions

TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

PART 729—PEANUTS

NATIONAL MARKETING QUOTA, NATIONAL ACREAGE ALLOTMENT, AND APPORTIONMENT TO STATES OF NATIONAL ACREAGE ALLOTMENT FOR PEANUTS FOR THE 1951 CROP

The purpose of the amendment contained herein is to revise the 1951 State peanut acreage allotments issued October 30, 1950 (15 F. R. 7291), in order to comply with certain changes recently made in the peanut marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1357-1359) by Public Law 17, 82d Congress, approved April 12, 1951. Section 358 (c) of the act, as amended by the aforesaid Public Law, reads in part as follows:

SECTION 358 (c). (1) The national acreage allotment for 1951, less the acreage to be allotted to new farms under subsection (f) of this section, shall be apportioned among States on the basis of the larger of the following for each State: (a) The acreage allotted to the State as its share of the 1950 national acreage allotment of two million one hundred thousand acres, or (b) the State's share of two million one hundred thousand acres apportioned to States on the basis of the average acreage harvested for nuts in each State in the five years 1945-49: *Provided*, That any allotment so determined for any State which is less than the 1951 State allotment announced by the Secretary prior to the enactment of this Act shall be increased to such announced allotment and the acreage required for such increase shall be in addition to the 1951 national acreage allotment and shall be considered in determining State acreage allotments in future years.

The additional acreage required to establish State acreage allotments in accordance with the foregoing provisions of the act is 34,900 acres.

Farmers throughout the peanut-producing States have been planting peanuts for the 1951 crop. It is therefore imperative that the revised State acreage allotments become effective at the

earliest possible date in order that State and county Production and Marketing Administration committees in affected States may redetermine farm acreage allotments and notify farm operators of the additional acreage which may be planted in 1951 within the farm allotment. Accordingly, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of the Administrative Procedure Act (7 U. S. C. 1003) is impracticable and contrary to the public interest. The State acreage allotments proclaimed herein shall be effective upon filing of this document with the Director, Division of the Federal Register.

Section 729.203 of a proclamation establishing the national marketing quota, national acreage allotment, and the State acreage allotments for the 1951 crop of peanuts (15 F. R. 7291) is amended to read as follows:

§ 729.203 *Apportionment of the national peanut acreage allotment for the crop produced in the calendar year 1951.* The national peanut acreage allotment proclaimed in § 729.202 (c) and the additional acreage of 34,900 acres authorized by Public Law 17, 82d Congress approved April 12, 1951, are hereby apportioned as follows:

State:	1951 State acreage allotment
Alabama	243,321

PART 729—PEANUTS

MARKETING QUOTA REGULATIONS FOR 1951 CROP

The amendments set forth herein are made to give effect to certain changes made in the peanut marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1357-1359), by Public Law 17, 82nd Congress, approved April 12, 1951. Section

729.228 implements section 358 (g) of the act relating to the release, reapportionment and adjustment of farm acreage allotments. Section 729.229, which is based upon section 358 (h) of the act, governs the reallocation of farm acreage allotments established for farms which are removed from agricultural production. Section 729.230 contains the procedure for apportioning among farms producing a type of peanuts in short supply, the additional acreage which the Secretary of Agriculture determines, pursuant to section 358 (c) (2) of the act, is necessary to produce the quantity of such type of peanuts needed to meet demand therefor. Section 729.231 provides that the county committee shall establish for each peanut farm the acreage of peanuts picked or threshed in 1947, or in 1948 if no peanuts were harvested on the farm in 1947, and states the procedure under which a producer may appeal the determination of the county committee with respect to such acreage. The acreage of peanuts harvested in 1947 or 1948, as the case may be, is required to be established for purposes of section 359 (g) of the act.

Farmers in the southernmost areas of the United States have already begun the planting of their 1951 crops of peanuts, and farmers in the other peanut-producing areas of the Nation are completing their plans for the production of peanuts in 1951. In order that peanut farmers who are affected by the amendments set forth below may make the necessary changes in their plans and operations, it is essential that the amendments be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable and contrary to the public interest, and the amendments contained herein shall be effective upon filing of this document with the Director, Division of the Federal Register.

The marketing quota regulations for the 1951 crop of peanuts (15 F. R. 7292) are hereby amended by adding the following new sections:

- Sec.
 729.228 Release and reapportionment.
 729.229 Reallocation of allotments released from farms removed from agricultural production.
 729.230 Additional acreage allotment for farms producing types of peanuts in short supply.
 729.231 Determination of 1947 or 1948 picked or threshed peanut acreage for farms and right of appeal with respect to such determination.

AUTHORITY: §§ 729.228 to 729.231 issued under sec. 375, 52 Stat. 66, as amended. 7 U. S. C. 1375. Interpret or apply secs. 358, 55 Stat. 88, 90, as amended, Pub. Law 17, 82nd Cong.; 7 U. S. C. and Sup., 1358, 1359.

§ 729.228 *Release and reapportionment*—(a) *Release of acreage allotments.* Any part of the acreage allotted for 1951 to an individual farm in any county under the provisions of § 729.222 and § 729.226 on which peanuts will not be produced and which the owner or

Fair Employment Board Memorandum #5

HEADS OF EXECUTIVE DEPARTMENTS AND INDEPENDENT ESTABLISHMENTS

SUBJECT: Instructions for Carrying Out the Fair Employment Program
Under Executive Order 9980.

Executive Order 9980 places the responsibility for coordinating the fair employment policies and procedures of the several departments upon the Fair Employment Board of the Civil Service Commission. Pursuant to this responsibility the Board has prepared the attached "Instructions for Carrying Out the Fair Employment Program under Executive Order 9980".

In the preparation of these Instructions the Board consulted with the Civil Service Commission. It has also sought advice from interested officials, including the departmental Fair Employment Officers and representatives of the Federal Personnel Council. It is the view of the Board that the provisions contained in these Instructions represent the minimum which the departments and agencies should incorporate in their fair employment regulations and procedures.

The attached Instructions are effective immediately and all departments and agencies should, therefore, promptly make such amendments in their regulations and procedures as are necessary to bring them into agreement with the provisions contained in the Instructions. After issuance, a copy of the revised regulations and procedures should be forwarded to the Fair Employment Board for review. The Board will be glad to discuss any problems which the departments may have in connection with the revision of their regulations and procedures.

It is noted that the attached Instructions supersede the Interim Procedures (Part 36, Federal Personnel Manual issued by the Civil Service Commission on September 28, 1948) and Fair Employment Board Memorandum #2 dated November 4, 1949.

Very sincerely yours,

Guy Moffett
Chairman
Fair Employment Board

influence upon attitudes and actions. Within the Federal government one of the basic ideals to which the nation proudly lays claim will be more conclusively demonstrated in practice.

The Board expects to consult further with the departments in seeking out the reasons for deviations from the established non-discrimination policy, in exploring the problems involved and the successful experience in dealing with these situations, and in developing a continuing positive program of remedial action.

II. COVERAGE

- A. Executive Order 9980 and these instructions apply to all departments and agencies in the executive branch of the Federal government.
- B. The remedies provided under Executive Order 9980 and these instructions shall be available to citizens of, and persons who owe allegiance to the United States who are employed by, or are applicants for employment in the executive branch of the Federal government.

III. EXPLANATION OF TERMS AS USED HEREIN

- A. Department - Any department or agency of the executive branch of the Federal government, including the Civil Service Commission.
- B. Employee - An individual appointed by a Federal officer, and who is engaged in the performance of Federal functions in the executive branch of the Federal government under authority of an Act of Congress or an Executive Order, and who, in the performance of such duties, is supervised and directed by a Federal officer.
- C. Applicant - A person failing of appointment in the executive branch of the Federal government who alleges a grievance relating to discrimination.
- D. Discrimination - An unfavorable personnel action affecting an employee or applicant based on race, color, religion or national origin and not on merit and fitness. - E. Personnel action - Any action taken within a department which affects the equality of economic opportunity of an employee or applicant. The term "personnel action" shall include failure to act.
- F. Complete file - All letters, notices, memoranda, reports, transcripts, affidavits or supporting documents in connection with the initiation, investigation, hearing, decision and closing of a case or cases.
- G. Deputy Fair Employment Officer - The term "Deputy Fair Employment Officer" shall include committees and boards.

INSTRUCTIONS FOR CARRYING OUT
THE FAIR EMPLOYMENT PROGRAM UNDER EXECUTIVE ORDER 9980

I. INTRODUCTION

The President, in his Order 9980, calls for more effective application of the long established policy of employment in the Federal service on the basis of merit and fitness alone without regard to race, color, religion or national origin.

Paramount responsibility for the execution of this policy is placed squarely upon department heads and subordinate administrative officials.

The Fair Employment Board must act on individual appeals from departmental decisions in cases where discrimination is alleged. It has the duty of advising the departments on fair employment problems and policies. It is required to coordinate the fair employment policies and procedures of the several departments. In consultation with the Civil Service Commission it is to set up rules and regulations necessary to carry out its duties and responsibilities.

By setting out special assignments of duties and outlining the framework of procedure, the Order makes a clear distinction between cases in which discrimination is alleged and the common run of grievances arising in other phases of personnel management.

The Board has given first attention to procedures for handling complaints. Its aim is to insure (1) full ascertainment of the facts as a basis for action, (2) furtherance of good relationships between complainants and administrative officers concerned by means of informal discussion and negotiations, (3) easy access by complainants to officials specially designated to give attention to discriminatory acts, and (4) adjustment of complaints without unreasonable delay.

There are wide variations among departments, in structure, administrative practice and geographical spread. Therefore, it is not believed necessary or desirable that all departments be required to operate under regulations identical in every respect. There are certain procedures however which should be uniform throughout the service. The Board has consulted with the fair employment officers and personnel officers of the departments and with the Civil Service Commission and has prepared a statement of the provisions, with certain alternatives, which it believes should be incorporated into the regulations of each department. It is the view of the Board that these provisions represent the minimum required to achieve that degree of uniformity which is essential to effective administration.

The objectives of the Order can not be reached by the adjudication of complaints alone. There is need for a positive program to remove the causes of complaints.

Acting together, the departments, the Commission and the Board can achieve the objectives of the President's program. Through joint effort equality of economic opportunity in the Federal service can be more fully realized. As the concept of fair play becomes more dominant in the consciousness of officers and employees alike it will exert an impelling

Officer, or if it is filed with the Fair Employment Officer of the department, it may be referred to the appropriate deputy for handling as an initial complaint. In all other respects complaints of applicants will be handled in the same manner as complaints of employees.

5. All written complaints or appeals must be signed by the aggrieved employee or applicant. Any initial written complaint or appeal must include information regarding the specific personnel action complained of, the approximate date thereof, reasons in support of the allegation of discrimination, and a statement as to when the appellant first learned of the discrimination.

Comment - It is the view of the Board that where not inconsistent with administrative practices, an employee should first discuss a complaint with the first-line supervisor or the supervisor next higher in authority. Good relations between the supervisor and the employee will thus be furthered. Many incipient complaints can be eliminated by giving valid reasons for an action that is being brought into question. Where error has crept in, the supervisor will have opportunity to correct it on his own motion. Furthermore, with responsibility upon the supervisor for initial action on the complaint the problems involved will be more forcefully impressed upon him./

B. Action on a complaint by the Supervisor

1. If complaint is made to a supervisor, immediate steps shall be taken to effect such adjustment as is warranted by the facts. If the complaint cannot be satisfactorily and promptly adjusted, the complainant shall be advised in writing that he may file an appeal within ten days with the Deputy Fair Employment Officer. In addition, he shall be advised that if he appeals to the Deputy Fair Employment Officer, he shall furnish a copy of the letter of appeal to the supervisor to whom he presented his original complaint. On receipt of a copy of the appeal, the supervisor concerned shall forward to the Deputy Fair Employment Officer the complete file in the case through the channels prescribed by the department.

If the department prescribes that the file in the case be routed through an ascending chain of administrative authority, the administrative officer at any intermediate level may make an adjustment of the case satisfactory to the complainant. In such case, he should report the action taken to the Deputy Fair Employment Officer to whom the appeal is addressed and advise the subordinate administrative officers concerned. If no adjustment is made the file shall automatically be forwarded through the prescribed channels, each officer making whatever comment thereon he desires, with no further action required upon the part of the complainant.

C. Action on a complaint (or appeal) by the Deputy Fair Employment Officer.

1. Investigation and adjustment by informal negotiation - The Deputy Fair Employment Officer shall promptly make or cause to be made such investigation as is necessary to ascertain the facts at issue on the

IV. FAIR EMPLOYMENT OFFICER

The head of each department shall appoint a Fair Employment Officer who shall have full operating responsibility under the immediate supervision of the head of the department for carrying out the fair employment policies stated in Executive Order 9980. There shall be appointed, as necessary and desirable, at central or local levels of the department, Deputy Fair Employment Officers who shall have the responsibility for carrying out the fair employment policies in their respective offices. The name and official address of the Fair Employment Officer of each department shall be made known to all employees of the department. The name and official address of each Deputy Fair Employment Officer shall be made known to the employees of the respective field offices.

Comment - It is the view of the Board that the best interests of the fair employment program would be served by the appointment of a permanent Deputy Fair Employment Officer at each field establishment of substantial size to handle complaints and also to assist the Fair Employment Officer to carry out his other responsibilities under the Order.

V. INSTRUCTIONS FOR HANDLING COMPLAINTS AND APPEALSA. Initiation of complaint

1. Procedures under Executive Order No. 9980 shall apply and be available only to an employee or to a person failing of appointment who alleges that a personnel action, as defined herein, which affects him has been taken because of race, color, religion or national origin.
2. The complaint must be made within thirty days of the date the complainant learns of the alleged discrimination and not later than six months from the date of the personnel action complained of, unless failure to submit the complaint within these time limits was due to unusual circumstances beyond the control of the complainant.
3. It shall be optional with a department to require an employee to initiate his complaint (a) either with the first-line supervisor or the supervisor next higher in authority, (b) either with the first-line supervisor or the Deputy Fair Employment Officer, or (c) with the Deputy Fair Employment Officer. Complaints initiated with a supervisor may be oral or in writing. Those initiated with a Deputy Fair Employment Officer must be in writing. If no appropriate Deputy Fair Employment Officer has been appointed then the Fair Employment Officer may be substituted under (b) and (c) above.
4. It shall be optional with an applicant to file a complaint in writing, either with the head of the local office, with the Deputy Fair Employment Officer, or with the Fair Employment Officer of the department. If the complaint is filed with the head of the local office and he is superior to the Deputy Fair Employment

complaint. He should endeavor through informal negotiation to effect a satisfactory settlement of the complaint and, if necessary, shall take or cause to be taken corrective action. All interested parties shall be advised of the settlement of the complaint and any corrective action which may be taken.

- Branch Administrative Officer*
2. Failure of adjustment by informal negotiation - In the event the (Deputy Fair Employment Officer) is not able to effect a satisfactory settlement of the complaint by informal negotiation, he shall furnish the complainant with a statement of the pertinent facts disclosed by the investigation of the complaint and shall afford him an opportunity to reply thereto in writing or personally, by authorized representative or accompanied by such representative. The complainant shall be permitted to present by witness or otherwise any pertinent facts not disclosed by the investigation. Where practicable, a transcript of testimony shall be made. If a verbatim transcript is not possible, a full summary of the oral testimony shall be made by the (Deputy Fair Employment Officer). The summary may be agreed to and signed by the complainant and the (Deputy Fair Employment Officer), or if the complainant does not agree with the summary, he may note and sign his exceptions which will become a part of the summary. Any transcript or summary shall be available for inspection by the complainant or his authorized representative and by interested agency officials.

3. Decision - On all the material facts disclosed by the investigation and the hearing, if held, the (Deputy Fair Employment Officer) shall make a decision or make a recommendation to appropriate authority. *AD on Staff* If the decision on the complaint is favorable to the complainant, the responsible official shall so notify him in writing and shall take or cause to be taken such corrective and disciplinary action as appears warranted by the facts in the case. In the event of an unfavorable decision, the complainant shall be advised in writing of the decision and the reasons therefor and of his right to appeal to the Fair Employment Officer (or the head of the department as the department may prescribe,) within ten days (twenty days if outside the continental United States) from date of receipt of the unfavorable decision. Officials directly concerned should also be advised of any decision made.

D. Appeal to the Fair Employment Officer

1. The complainant shall be advised that if he appeals to the Fair Employment Officer of the department he shall furnish a copy of the letter of appeal to the (Deputy Fair Employment Officer) who handled his case. *(Branch Administrative Officer)*

Fair Employment Procedure

1. The Comptroller, the Advisor for Management, and a representative from the Personnel Office met on 30 April 1951 to discuss the President's Fair Employment Program as directed. The Comptroller stated that to date no complaints have been submitted to the Fair Employment Officer.

2. In order to bring the program to the attention of all employees periodically, the following methods are recommended:

a. Issue a notice annually in the Spring of the year to all components of the Agency through the Section level (Distribution No. 4) requiring all supervisors to assure that each employee under their jurisdiction reads and understands CIA Regulation No. [] (Advisor for Management)

25X1A

b. Incorporate, in brief form, the essentials of the Fair Employment Program in the Employees' handbook, making reference to CIA Regulation No. [] (Personnel Director)

25X1A

c. Include appropriate comments regarding Fair Employment in the orientation program for new employees. (Director of Training)

3. The Employees' handbook is currently being revised so the method suggested in paragraph 2.(b) will be accomplished within a relatively short period of time.

4. The above actions can be accomplished and the matter referred to at Assistant Directors' meetings periodically.

Text of Executive Order Revising Draft Regulations

WASHINGTON, March 31 (AP)—Here is the text of President Truman's executive order authorizing deferment of students from the draft and making other changes in Selective Service regulations:

AMENDING THE SELECTIVE SERVICE REGULATIONS

By virtue of the authority vested in me by Title I of the Selective Service Act of 1948 (62 Stat. 604), as amended, I hereby prescribe the following amendments of the Selective Service Regulations prescribed by Executive Order No. 9808 of Aug. 20, 1948, and constituting portions of Chapter XVI of Title 32 of the Code of Federal Regulations:

[1]

Section 1622.10 of Part 1622, classification rules and principles, is amended to read as follows:

"1622.10. Necessary employment defined. (A) A registrant's employment in industry or other occupation, service in office, or activity in research, or medical, scientific, or other endeavors, shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the following conditions exist:

(1) The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity.

(2) The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity.

(3) The removal of the registrant would cause a material loss of effectiveness in such activity.

"(B) A registrant's activity in study may be considered to be necessary to the maintenance of the national health, safety, or interest when any of the following conditions exist:

(1) The registrant has been accepted for admission to or is a student in a professional school of medicine, dentistry, veterinary medicine, osteopathy, or optometry and the school in which he is enrolled has certified that he is satisfactorily pursuing a full-time course of instruction leading to his graduation.

(2) The registrant is a full-time graduate student seeking a graduate degree and the graduate school at which he is in attendance has certified that he currently is meeting degree require-

ments and is expected to attain his degree.

(3) The registrant has been accepted for admission to a graduate school for the class next commencing as a candidate for a graduate degree, or has been accepted for admission to a college, university, or similar institution of learning for the class next commencing for a full-time course of instruction or has entered upon and is satisfactorily pursuing such course, and, within such categories as the Director of Selective Service, with the approval of the President, may prescribe, either has maintained a required scholastic standing, or has attained on a qualification test a score, or both such standing and score, to be prescribed by the Director of Selective Service with the approval of the President.

"(C) The Director of Selective Service is authorized to prescribe such qualification test or tests as he may deem necessary for carrying out the provisions of Paragraph (B) of this section

and to prescribe the procedures for the administration of such test or tests, for the certification of the results thereof, and for the certification of any other information required in carrying out the provisions of Paragraph (B).

"(D) The President may, from time to time (1) designate special categories of occupation, employment, or activity essential to the national health, safety, or interest; and (2) prescribe regulations governing the deferment of individual registrants engaged in such occupations, employments, or activities."

[2]

Paragraph (A) of Section 1622.13 is amended to read as follows:

"1622.13 Class II-C: Registrant deferred because of agricultural occupation. (A) In class II-C shall be placed any registrant who is employed in the production for market of a substantial quantity of those agricultural commodities which are necessary to the maintenance of the national health, safety, or interest, but

only when all of the conditions described in paragraph (A) of Section 1622.10 are found to exist."

[3]

The table of contents of part 1622 is amended by inserting immediately after "1622.28 Identification of Class I-C registrant transferred to a reserve component of the armed forces," the following: "1622.29 Identification of Class II-A registrants who are students."

[4]

The following new section is added to part 1622 immediately following Section 1622.28:

"1622.29 Identification of Class II-A registrants who are students. Whenever a registrant is classified in Class II-A by reason of his activity in study his classification shall be followed with the identification '(S)' whenever it appears on any record of such registrant."

Such an award shall not exceed 25 per cent of the estimated savings in the first year of operation, nor an amount equal to three times the step increase of an employee's grade.

(2) Step Increases for Efficiency

A salary increase of one, two or three steps may be authorized for a suggestion or superior accomplishment in the conduct of an employee's own operations which results in such substantial savings to CIA that limitations on the amount of cash awards would result in inadequate reward. The annual rate of such a salary increase shall not exceed 25 percent of the estimated savings for the first year, nor three salary steps in the individual's grade.

This should include facts concerning the quantity and quality of work, manner of performance, personal traits, and how the employee's performance merits distinction among other employees rated "outstanding."
 - (c) Types of acts or service which might justify such an award are:
 - (1) Distinguished achievement in improving the morale of employees.
 - (2) Outstanding contribution to management or operations.
 - (3) Monetary savings to the Government.
 - (4) Act, service or valor over and above the call of duty.

SUBJECT : Revision of Regulation No.

25X1A

1. This rewrite grants authority to the Deputy Director (Administration) [REDACTED] to approve awards for presentation by the Director of Central Intelligence or the Deputy Director of Central Intelligence and will take the workload off the Director's Office. As your Office becomes approving authority, it was recommended a new Chairman be named. The Committee has recommending authority only.

2. The General Counsel, Comptroller and Auditor have concurred in the revision. Personnel concurred with the comment that the Personnel Director should be Chairman of the Committee instead of the Advisor for Management. This was discussed with Mr. who felt that the Advisor for Management was a more neutral official for determining the merit of suggestions.

SUBJECT: Draft - Incentive Awards Program.

1. I am returning your draft of the Incentive Awards Program on which you requested my comments.

2. Inasmuch as the entire responsibility for the administration of this program seems to be reflected in the Personnel Office's responsibility, I would like to recommend that the Advisor for Management be a member of the Committee and not Chairman. If this recommendation is accepted, I believe the logical Chairman for a completely personnel function should be the Assistant Director for Personnel, when he enters on duty.

16. EFFICIENCY REPORTS ON MILITARY OFFICERS

- A. Efficiency reports will be submitted on military officers on duty with the Central Intelligence Agency in accordance with policies established by the Personnel Policy Board, Office of the Secretary of Defense.
- B. The immediate supervisor of a military officer will accomplish efficiency reports at such times, and in such form as may be required by the parent service of the officer concerned.
- C. Subject to the procedures prescribed by the parent service of the officer concerned, all efficiency reports will be reviewed and endorsed by a military officer who is senior to the officer reported upon.
- D. The following types of efficiency reports will govern assignment relationships between supervisors and officers upon whom efficiency reports are prepared:
 - (1) Where the immediate supervisor is a senior officer of the same service, the evaluation will be accomplished on the form of, and in the manner prescribed by, the parent service concerned.
 - (2) Where there is no immediate supervisor of the same service, the immediate civilian supervisor, or the military supervisor of another service, will evaluate the rated officer's manner of performance in letter form. Such report will be attached to the standard service evaluation report form, which will have the administrative information portion completed.
 - (3) Where the detailed nature of the duties to which the rated officer is assigned contain classified security information, only a sufficiently brief resume to represent performance and duties in unclassified language will be contained in the report, whether in standard or letter form.
 - (4) When an evaluation, whether by a military or civilian supervisor, contains an adverse statement, the procedure to be followed will be in full conformance with the existing regulations of the parent service of the rated officer.

CENTRAL INTELLIGENCE AGENCY REGULATION

- E. Letter type reports, whether prepared by civilian or military supervisors, will include sufficient information to furnish a fair and comprehensive picture of the performance of the officer reported upon. In addition, specific characteristics upon which the parent services require evaluation from time to time will be brought to the attention of the supervisor concerned at the time an officer's rating is prepared.
- F. The Chief, Military Personnel Division, Central Intelligence Agency, is responsible for monitoring the prompt submission of adequate efficiency reports on all officers assigned to the Central Intelligence Agency by the military services. His office will maintain appropriate individual records, files of current service policies and procedures concerning efficiency reports, and reporting schedules to insure their prompt and adequate submission. This office will notify supervisors of reporting requirements and will provide procedural guidance in the interest of conformity. TO: Deputy Director (Administration)
FROM: Chief, Military Personnel Division
SUBJECT: Officers' Efficiency Reports

1. PROBLEM. To establish a reliable procedure for assuring timely submission of adequate and valid reports of officer's performance in a CIA assignment.

2. FACTS BEARING ON THE PROBLEM.

a. CIA procedure for rating assigned officers involves peculiarities which are common to a quasi-military organization, and are prone to be regarded by the services as "exceptional" cases which depart from the military norm.

b. Supervisors are often unfamiliar with accepted rating techniques, with the importance of such ratings, and with the uses of ratings in future actions which affect officers' careers.

c. The organization structure of CIA makes it unlikely that an officer's immediate superior will be his senior in the same parent service.

d. CIA must abide by the regulations of each of the parent services concerning preparation, content, and frequency of ratings.

e. Ratings in any form must be as comprehensive as security considerations permit, and commensurate with the services performed.

3. DISCUSSION.

a. Service procedures for preparing and submitting reports are not responsible for the difficulties arising in implementing them within CIA. Two general areas need improvement:

(1) Education of supervisors in rating techniques.

(2) Administration of administrative control to see that the obligations of CIA are discharged.

b. The education problem can be readily solved by publishing comprehensive instructions for use throughout the Agency. Present instructions leave considerable room for interpretation, resulting in lack of uniformity. A revision of CIA Regulation [] and publication and distribution of administrative policy notice appear

25X1A

advisable. Enclosing a copy of this notice with each notification that a rating is required, will further insure that complete instructions are available when and where they are most needed. Draft instructions are attached as Annexes A, B, and D.

c. The responsibility for monitoring all aspects of the rating of officers properly belongs to the Military Personnel Division. Preparation of the rating itself is a responsibility of supervisors. Each supervisor should be made aware that his performance of duty is measured, in part, by the manner in which this responsibility is discharged. The proposed notice is intended to make this clear.

d. To preclude any tendency by service selection boards to depreciate the value of non-standard letter reports of officers' efficiency, it is considered advisable to point out to the chiefs of the parent service the problem of CIA in regard to conventional rating procedures, and the fact that non-standard ratings will prevail. A draft letter, for the Director's signature, is attached as Annex C.

4. CONCLUSION. A vigorous program should be instituted to familiarize all supervisors with rating techniques and CIA policies and procedures on the subject.

5. ACTION RECOMMENDED.

a. That attached drafts, (CIA Regulation [] policy notice, and instructions), be approved and published. (Tabs A, B, and D) 25X1A

b. That the attached policy notice accompany each request for efficiency rating.

c. That the attached letter be signed by the Director, Central Intelligence Agency, and forwarded to the Chief of Staff of each of the services. (Tab C, with signature slips).

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director of Personnel
FROM : Chief, Military Personnel Division
SUBJECT: Military Officer Promotion Policies

DATE: 2 May 1951

25X1A

1. In compliance with memo from Mr. [] dated 17 Apr 51, the following information is supplied:

2. All Services now handle normal officer promotions through central promotion boards. The processes are generally as follows:

ARMY: DA Circular 22, dated 28 Mar 51, establishes zones created by dates of rank, the members of which are automatically considered for promotion by boards which began convening about 2 Apr 51. This procedure applies to all officers except general officers and 2d Lieutenants, the latter being allowed a policy more liberal than the normal zone of consideration.

AIR FORCE: Department of Air Force announces at irregular intervals by radio messages the zones of consideration by dates of rank which the promotion boards will consider.

NAVY AND MARINE: The Navy Promotion Boards require selection boards and vacancies for all promotions of officers to the rank of Commander (Navy) or Lt. Col. (Marine) and above. Selection boards without the vacancy requirement are utilized for all lower ranks with the exception of Ensign (Navy) and 2d Lieutenant (Marine), which are allowed a more liberal policy.

3. Two of the Services allow the promotion of outstanding officers outside the normal zone of consideration upon recommendation by a major commander.

ARMY: DA Circular 22 allows major commanders to submit recommendations for promotion of outstanding officers based upon time-in-grade which (for Army) includes Reserve and National Guard time, and is of a shorter period than the date-of-rank zone. These promotions can constitute only 5% of the promotions made.

AIR FORCE: Department of Air Force, as mentioned in 2 above, handles each promotion list separately. Information relative to forthcoming promotion lists has been disseminated by AF radiograms. It has been their policy, however, to allow a special "secondary" zone of consideration for outstanding officers, limiting it, as in the Army, to 5%.

NAVY AND MARINE: Navy has no zone of special consideration for promotion of officers.

- 1 -

- 2 -

4. The policy of "spot" promotions and "battlefield" promotions has largely been discontinued.

ARMY: Battlefield promotions are allowed only in zones designated by Department of Army. Korea is the only current area where such promotions are made. In these cases FEC can promote up to promotion to the rank of Lt. Col., and DA must approve promotions to Colonel.

AIR FORCE: The Air Force has used "spot promotions" which are effective only while the officer remains in the particular area in which such promotions are authorized. At the present time, Korea is the only such area. An Air Force spokesman at Hq USAF says that such promotions will probably be discontinued because of the unfortunate public relations attendant upon an officer's apparent demotion when he leaves the combat area.

NAVY AND MARINE: The Navy has discontinued its "spot promotion" policies.

5. It is suggested that a promotion board composed of senior officers be established within the Agency for the purpose of considering special consideration-type promotion recommendations (the so-called "secondary zone" promotions) for the Agency and for proposing action on any other type of exceptional cases.

6. It is recommended that the several components of this Agency be advised by regulation, or other appropriate administrative means, that all military promotions will be processed through the Military Personnel Division.

SUBJECT: Awards and Decorations
TO: Deputy Director (Administration,
FROM: Advisor for Management

I. PROBLEM: Can CIA grant or secure authority to grant Military and Presidential Awards (Medal of Merit and Medal of Freedom) to civilian employees of CIA.

II. DISCUSSION:

1. No conversations have been held with the Military Establishment except by roundabout means.
2. The Director of Central Intelligence could recommend any military personnel or any employees of CIA who are assigned or attached to any of the Armed Services for any of the military awards under existing laws and Army Regulations.
3. For awards of military decorations to other CIA civilians the General Counsel advises that in their opinion from the wording of the U. S. Statutes, CIA could not recommend military awards for civilian employees who were not in some way assigned or attached to the Armed Forces.
4. The Director may now recommend any CIA employee for the Presidential Awards (Medal of Merit and Medal of Freedom). General Counsel suggests it may be more appropriate to submit a specific request for each individual rather than to request quotas.

III. RECOMMENDATIONS:

1. That specific cases for the Medal of Merit and the Medal of Freedom be submitted by the Director of Central Intelligence to the Office of the President for his approval.
2. That the Director authorize the General Counsel to open negotiations with the Department of Defense to determine:
 - a. The Procedure desired or required to process recommendations for awards for those employees who are eligible to receive such awards due to the fact that they are assigned or attached to or working in conjunction with the Armed Services.
 - b. To determine possibilities of securing exceptions to known Statutes to provide a means for CIA to process recommendations for awards for personnel of CIA who are serving in hazardous positions in foreign areas not in conjunction with the Armed Services of the United States.

SUBJECT: Tour of Duty with CIA (Military Officers)

1. PROBLEM.

To establish an Agency policy governing the normal tour of duty period for military officers.

2. FACTS BEARING ON THE PROBLEM.

a. The Secretary of Defense authorizes the detail of Army, Air Force, Navy, and Marine Corps officers to this Agency to fulfill requirements for personnel with current military knowledge, background, and status.

b. Military officers, although under the operational control of this Agency, are governed, in general, by service regulations.

c. Each service has regulations and/or policies that are operative at present regarding the tour of duty period in any one assignment. Three (3) years is usually considered by all services as the normal tour with four (4) years as maximum. The exigencies of the service determine the extent to which these regulations and/or policies are followed. (See Annex 1 for extracts from service publications).

d. The Central Intelligence Agency does not have a formal career program for military officers.

e. Officers assigned to this Agency for duty consist of (1) Regulars, (2) Reserves who have signed agreements with their parent service to remain on active duty for an indefinite period and (3) Reserves who have agreed to remain for a specified period (usually not over three (3) years).

3. DISCUSSION.

a. Maintenance of military effectiveness is of paramount importance to the service and to the officer. ~~Since duty with CIA necessarily reduces an officer's association with his parent service, his overall military knowledge is apt to be impaired.~~

b. Rotation of officers in conformance with service regulations and/or policies will benefit CIA in that a constant flow of officers possessing current military knowledge will be maintained. In addition, a pool of CIA indoctrinated officers will result, and such officers could be utilized at a later date, if the service concerned concurs.

c. Return of those reserve officers who have a limited service commitment would be uneconomical provided such officers do not extend the commitment period beyond three (3) years.

4. CONCLUSIONS.

a. The establishment of a tour of duty policy would be beneficial to CIA, the service, and to the individual.

b. An effective policy will forewarn CIA employers of officers of the limited availability period and will permit planning for re-placements. ~~Projects or missions would be affected only in those rare cases of critical, continuing need for irreplaceable officers.~~ *John*

5. ACTION RECOMMENDED.

- a. That the normal tour of duty be specified as three (3) years with extension to four (4) years in exceptional cases. (See Annex 2 for Proposed CIA Regulation).
- b. That reserve officers who have a limited service commitment be retained, after receipt of concurrence from the service, for the full period of such commitment.
- c. That further study be given to the development of a career program for officers required by this Agency and who desire CIA duty for an indefinite period.

a. Length of Tour of Duty. Four years is established as the maximum tour of duty within the Department of the Air Force and the Washington, D. C. area. This limitation does not preclude the reassignment of an officer at the completion of a three-year normal tour.

b. Exception to Four-Year Limitation. Subsequent to 18 March 1952, an officer serving in a current tour will not remain assigned or detailed to duty with the Department of the Air Force or within the Washington, D. C., area beyond a four-year period except as provided in paragraph 6. (This includes duty with the Department of the Air Force and/or other agencies or a combination of such duties.) Exceptions to this limitation may be made only when a longer period is found to be necessary in the public interest as the result of a special finding by the Secretary of the Air Force or the Chief of Staff, USAF, as applicable. Subsequent to 18 September 1952, exceptions to the four-year limitation within the Department of the Air Force will require a special finding by the Secretary of the Air Force. (11) Normal tours of shore duty for line officers are:

- (a) Three years for captains and above.
- (b) Two and one-half to three years for commanders.

For officers of the Nurse Corps the normal tour of duty in any one locality within the United States is 3 years; overseas assignment normally are for a minimum of 18 months.

*Special Note: The Department of the Navy informally stated that the Navy now considers three (3) years as a normal tour of shore duty with extension to four (4) years in exceptional cases. Exigencies of the service may vary this period in individual cases.

MEMORANDUM FOR: Assistant Deputy Director (Administration)

FROM : Executive Officer for Deputy Director (Plans)

SUBJECT : Staff Study from Acting Assistant Director (Personnel) to Deputy Director (Administration), Subject: Tour of Duty with CIA (Military Officers), undated, with two annexes.

1. In accordance with your informal request for comment or concurrence of this office concerning the subject paper, which is returned herewith, the following is submitted:

a. This office does not concur in the second sentence of paragraph 3.a. of the staff study. It is therefore recommended that this sentence either be revised or deleted.

b. The second sentence in paragraph 4.b. of the staff study and the first sentence of paragraph 1.B. of the proposed regulation refers to "irreplaceable" officers. This office does not concur in the use of this word. The only irreplaceable or indispensable officers are resting in Arlington Cemetery. It is recommended that the second sentence of paragraph 4.b. of the staff study be deleted and it is further recommended that the words "of irreplaceable personnel," appearing in the first sentence of paragraph 1.B. of the proposed regulation, be deleted.

2. Subject to the comments contained in paragraph 1. above, this office concurs in the staff study and the proposed regulation.
